

Birthday Parties

A new birthday party venue has opened in Canberra. Golf has never been so much fun or easy to play. Let us show you how we can host birthday parties for virtually any age group. Junior clubs, junior courses and beginner friendly formats ensure that no-one is left out. The Cyber Bunker can entertain up to 30 Players. Special features & game formats guarantee that no previous golfing experience is necessary. We provide a supervised environment & friendly advice to get the fun started for you to host the special occasion with our help. At last golf is fun for everyone. Still not convinced? Drop out for a free demonstration on how we can put on a birthday party experience for your son or daughter that they will talk about for months.

Tourists/Visitors

Tourists and visitors to Canberra can have an amazing golfing experience that is not readily available elsewhere in Australia. This technology is new to Australia and the world. Tour the sites of Canberra during the day and come and relax and play your golf in the evening, without having to worry about fading light. There are so many daytime tourist venues in Canberra you often can't get to them all. Don't spend half a day on a golf course when you can do the tourist spots during the day and hit the golf course at night. Check out [how to find us](#) by following the links.

Rates

- by the hour per booth - \$40

Family Golf

The Cyber Bunker is a great destination for a family outing. Golf used to be the domain of the dedicated golfer, now with shorter courses, exclusive boost (you can't get that outdoors) and beginner friendly team games there is no excuse not to give it a go. Daylight or weather won't be a factor and you will be surprised at how reasonable golf prices by the hour can be. Team events (which are best for families who don't play much or any golf) normally require even numbers of players but if you have an odd number of players ask us how we can make it just as enjoyable by selecting the right format, features and course to suit any family group. There are no age limits, The Cyber Bunker is a completely supervised centre and if you want, you can drop the kids off to play while you attend to other business. The Cyber Bunker is the perfect combination of pitch and putt and the longer version of the game. If you think you can't play at The Cyber Bunker because you aren't a golfer then think again, because The Cyber Bunker is bringing golf to the whole family. Our great family rates are below which are based on by the hour formats:

Bucks' Parties

Gentlemen, get your party hats on and head out to Mitchell for your next Bucks' Party - we know you don't want to carry anything around town with you so we can provide all the equipment needed. Golf indoors is the ideal way to party on as the entire group plays together at the one venue and all the action is available to everyone, even anyone that chooses not to participate. If it isn't just golf that you are after, we also have a licensed cafe available. It's like playing your golf in the clubhouse. Depending on your plans we are conveniently located and adult entertainment just across the road!

Bucks' Parties
